

Bethel Church | Guidelines for Weddings & Events

[Please note: These guidelines are subject to change.]

For those renting the church for weddings or events, the following guidelines are provided:

1. First and foremost, anyone that has Covid-19, has had contact with someone with Covid-19 or is not feeling well should not attend.
2. We will allow up to 100 people to attend the wedding or event or to be in the building.
3. Please socialize outdoors (weather permitting) and follow social distance guidelines.
4. We will stagger seating in the sanctuary to allow a 6 ft space between families. Every other pew including the balcony will be marked as "unavailable" (due to distance requirements).
5. People are encouraged to wear masks and masks will be provided at church for all those entering.
6. Hand sanitizers will be readily available throughout the church.
7. Please consider propping open the doors until everyone has entered so there is minimal touching of the door handles. (weather permitting)
8. Custodians will sanitize all doors and bathrooms after each worship service, rental and after any group function meeting at the church.

Thank you for your understanding with these guidelines due to COVID-19.
